

# AZURE VIRTUAL DESKTOP

01

## Remote Work

With AVD employees can easily access their work desktops and applications from anywhere with an internet connection.

02

## Scalability

AVD can be scaled up or down based on business needs, allowing you to adapt to changes in demand without buying new hardware.

03

## Security

AVD provides advanced security features such as MFA and conditional access. Protect your team from threats.

04

## Cost

AVD can help businesses reduce hardware and support costs as it eliminates the need for in person infrastructure.

05

## Simplified Management

AVD allows IT teams to manage desktops and applications, making it easier to manage your devices.
